Managing Children with Autism at Home and in the Community

The day and life of a child with Autism can be challenging. This course is designed to provide practical strategies to help your child manage stressful situations such as transitioning between activities and dealing with sensory overload. Strategies discussed will include establishing a predictable routine, teaching self-regulation, use of visual support, social stories and power cards. This course is geared toward parents of children in elementary school.

To register for this session, contact Cathy Ash 610-938-9000 ext. 2134 or email cash@dciu.org

**** The content of this workshop is geared toward parents. There will be no Act 48 or continuing education credit offered if a professional chooses to attend this workshop.**
