Please complete the online form for each student with all lessons and/or ensembles he will participate in this school year. All music registrations for student music lessons and/or ensembles are now done through this new online form link above, which replaces the paper registration forms used previously. This link and details about Music Center offerings are found on the school website under **Music Program** under the tab **Student Life**: http://www.staloyusiacademy.org/page.asp?page_name=music_program
