

Love Your St. Aloysius Academy Library

Please help us update our library holdings. Our library needs materials to support interests of our students, Accelerated Reading, Reading Olympics, classroom curriculum and research projects. There are several ways you can help keep our library materials interesting and useful to our students and teachers.

1. **Individual Book/Birthday Book:** You can donate a book to the library in honor of your child. The book will contain a bookplate with their name. These books should be hardcover editions. See the Library E-Board for a form to send in with your donated book.
2. **Open Donation to the Library:** You donate to our library fund and the funds are made available to purchase what the library needs. This is very helpful so that the library can respond to student and teacher requests. Open donations also allow us to address specific library needs. Books will have a bookplate with your family name upon request.
3. **Leveled Sponsor:** You sponsor a level of books for the year to make sure new books come to the library all year long. The sponsor picks the level and category of the books coming to the library and our library will receive 12 new books from that level throughout the year. All the books are new release hard cover editions. Each book will have a bookplate with your selected message. Leveled sponsorship is \$200.

✿ Open donation sponsors of \$100 or more and Leveled Sponsors will all be posted in the library for the year.

Thank you for your generous support of our beautiful library!

Susan Steinmetz, Librarian
